

### How to Join Text

#### Pagoda Motorcycle Club Membership

Thank you for your interest in joining the Pagoda Motorcycle Club. We are a family oriented club consisting of road, off road and social members. We hold 15-20 events annually supported 100% by member volunteer efforts. To become a member of the club, you must be invited to join by two active club members who will present you to the club. Meetings are held twice monthly on Thursday at 8:00 PM, both sponsors and applicants must be present for 3 meetings. The club V.P. will address new members, explain basic rules of the club, answer questions, and distribute by-laws. At your first meeting, you are expected to pay a \$30.00 application fee, \$15.00 for a junior member, (under 21) and a \$ 5.00 waiver fee. Each applicant must own a motorcycle or have access to one and be able to ride. After your 3<sup>rd</sup> meeting, you will receive notification of your acceptance by mail, at which time you are expected to attend the next regularly scheduled meeting and pay your annual membership dues-\$20.00-adults -\$10.00-junior member. At this time you will receive your membership card. To maintain your membership you must work three events annually. Once the application / acceptance process is complete you can obtain a track pass during any regular scheduled meeting. Requirements to maintain your track pass will be distributed during our mandatory annual track pass meeting or can be obtained by our track pass coordinator. The events throughout the year support our club, maintain the track, equipment, property, and keep the cost of membership low. After what may seem like a lengthy process, you will make new friends and enjoy newfound camaraderie with people who have similar interests. Please keep in mind that you are joining a CLUB not a TRACK, and with that the responsibility to share in the work. If you are having difficulty locating sponsorship; simply come to the club during any event, offer to help and make some contacts, you should have no difficulty finding sponsorship once you make an effort to contribute.
